

# Strategy

It is the section of Iceberg for the study, the execution and management of options strategy . It is composed by a main view, called General. Further views like Legs, Payoff, Trades, Comparison, Workflows, Volatility e Equity have been conceived and designed to study every aspect of the strategy.

All views are easily accessible with the use of tabs that are placed to the left of the window. For every tab is present a menù which contains all functions of that view.

The views available are:

- General
- Legs
- Charts
- Trades
- Comparison
- Planning
- Volatility
- Equity
